Attendance Regulations and Guidelines

1. Minimum Attendance Requirement

The minimum attendance requirement for all undergraduate and postgraduate courses is 75% in each subject. Students must attend lectures, tutorials, and practical sessions regularly. Attendance is calculated from the date of commencement of classes as per the academic calendar.

2. Medical Leave Provisions

Students falling sick must inform the Head of the Department immediately. A medical certificate from a registered medical practitioner must be submitted within three days of joining back. However, medical leave does not automatically waive the attendance requirement.

3. Attendance Shortage Consequences

Students with attendance less than 75% in a subject will not be permitted to appear for the end-semester examination in that subject. They will be marked as 'Detained' and must repeat the course when offered next.

4. Condonation Rules

In exceptional cases (medical emergency, participation in national-level sports/cultural events), a maximum condonation of 10% (i.e., attendance between 65% and 74%) may be granted by the Principal upon recommendation by the HOD. A condonation fee of Rs. 1000/- is applicable.

5. Attendance Recording Procedures

Faculty members will record attendance using the biometric system or ERP portal within the first 10 minutes of the class. Students are advised to verify their attendance status on the student portal weekly.
