Rules and Regulations for Examinations

1. Exam Eligibility Criteria

To be eligible for end-semester exams, a student must: (a) Have minimum 75% attendance. (b) Have cleared all fee dues. (c) Have satisfactorily completed all internal assessments and assignments.

2. Internal vs External Marking

The evaluation consists of 40% Continuous Internal Assessment (CIA) and 60% End Semester Examination (ESE). CIA includes mid-term tests, assignments, and attendance. ESE is a 3-hour written examination.

3. Grade System

The institute follows a 10-point grading system: O (Outstanding, 10 points, 90-100 marks), A+ (Excellent, 9 points, 80-89 marks), A (Very Good, 8 points, 70-79 marks), B+ (Good, 7 points, 60-69 marks), B (Above Average, 6 points, 50-59 marks), C (Average, 5 points, 40-49 marks), F (Fail, 0 points, <40 marks).

4. CGPA Calculation

Semester Grade Point Average (SGPA) is calculated as Sum(Credits * Grade Points) / Sum(Credits) for a semester. Cumulative Grade Point Average (CGPA) is similarly calculated for all completed semesters.

5. Re-examination Rules

Students failing in a subject (F grade) must appear for the supplementary examination held before the next academic year. The internal marks will be carried forward.

6. Malpractice Penalties

Any student found copying or using unfair means during exams will face strict disciplinary action, which may include cancellation of the entire semester's exams or expulsion from the college.

7. Question Paper Pattern

The end-semester question paper typically consists of Part A (10 short questions of 2 marks each) and Part B (5 long questions of 16 marks each, with internal choice).
